Sub. : Reconstitution of Intellectual Property Rights Cell (IPR-Cell)

Priyadarshini J L College of Pharmacy (PJLCP) strives to encourage, creativity and innovation, which in turn leads to generation of intellectual property. Protection of Intellectual Property (IP) so generated is necessary to provide security, stimulation and incentives for sustained and enhanced output. Moreover, in the context of ever shortening product lifecycles and product differentiation and a market driven by vagaries, it is becoming more and more essential to manage Intellectual Property Rights (IPR) effectively.

The IPR Cell is established as entity with a clear mandate of facilitating and guiding students and others in the various aspects and issues in the field of IPR. The IPR cell at PJLCP will organise many workshops, sensitization workshops, seminars etc. The IPR cell at PJLCP will constantly strive towards strengthening linkages with like minded organizations to leverage designs further. PJLCP has been one of the few educational institutions in the country to formulate IPR guidelines.
