1. Event Report: HPTLC: Method Validation and Pharma Application

Report on Webinar "HPTLC: Method Validation and Pharma Applications"

Name of program Organized: Webinar on "HPTLC: Method Validation and Pharma Applications"

Date: 22 July 2020

Venue: Through ZOOM meeting

Relevance to PO's: To understand HPTLC techniques for various validation method developments and its application in pharmaceuticals.

Objective: To understand HPTLC analytical techniques in analytical method development and validation.

Resource Person: Mr. Vishawajit Kale (Application Specialist, ANCHROM Enterprises India Pvt. Ltd Mumbai, Maharashtra, India)

Beneficiary: PG Students, Faculty, Institute

Program Organizing Committee: Pharmacognosy Department

Expected Outcome: Total online participants present for the event were 169 from different regions. The seminar encouraged the participants to apply the HPTLC techniques for various validation method developments and its application in pharmaceuticals.

Attachment Need:

1. Seminar Boucher
2. Registration details
3. Photographers taken during the seminars

Webinar on

"HPTLC: Method Validation and Pharma Applications"

On 22nd July 2020, 11-1pm

Webinar Speakers

Mr. Vishwajit Kale

Mr. Vishwajit Kale has worked as a faculty member (for UG and PG students) in Biobioanalytical Sciences department of Ratanadas Rata College, Matunga, Mumbai from 2015-2017. Then he worked at Institute of Chemical Technology (ICT) Matunga, Mumbai as Project Research fellow for industrial project on "Formulation of controlled and novel drug delivery systems- sponsored by Phoenix Pharmaceuticals LLC, USA in between-Sept. 2017 to Aug 2018. Since Oct 2018, he is working at Anchrom Enterprises India Pvt. Ltd as an "Application Specialist"

For Faculty, Students, Industrial Person

https://zoom.us/webinar/register/WN_CP5Ch1EMQQO+U116_sb1RQ

e-Certificate will be issued to all registered participants who attend the entire session.

Panelist : Dr. Vijay D. Gulkari, Associate Professor and Head of Department

Anchrom Enterprises India Private Ltd, Mumbai and Priyadarshini J. L. College of Pharmacy, Hingna Nagpur

2. Event Report: Webinar on “How to plan Startup: Legal and Ethical Steps

Program Report

Name of the program conducted: Webinar entitled “How to plan Start-Up: Legal and Ethical Steps”

Date: 22/04/2021

Venue: Seminar Hall, PJLCP at 10 am

Relevance to PO's: To upgrade the knowledge of the faculty and students

Objectives

- To make them aware about the Start-Up
- Develop the ability to identify ethical and legal issues
- Develop an approach to resolve ethical/legal dilemmas once identified

Beneficiary: Students, Faculty, Institute

Program Organizing Committee: Institute Innovation Council, PJLCP.

Expected Outcomes:

The session helped students to developed critical and innovative thinking and helped to boost their confidence and also made them aware about the different aspects they can focus on and need the area where they need to develop themselves for start-ups

Report of International Webinar

Name of the program organized: High Concentration Formulation Development of Monoclonal Antibodies

Date: 25 July, 2020

Venue: Online using google meet platform

Relevance to PO's: To enrich the students and the faculty with the scientific knowledge

Objectives: 1) To make the students and the faculty aware about industrial scenario of High Concentration Formulation Development of Monoclonal Antibodies

Resource Person: Dr. Vishal Nashine, Associated Director Janssen R&D organization, USA

Beneficiary: Students, Faculty, Institute

Program Organizing Committee: Pharmacology Department

Expected Outcomes:

Total 73 students and faculty participated in webinar. Webinar provided an opportunity to the students and the faculty to interact with the international industrial resource person from Janssen R&D organization, USA.

4. Event Report: Intellectual Property Rights : Literacy and Awareness

Program Report

Name of the program conducted: Webinar entitled "Intellectual Property Rights Literacy and Awareness"

Date: 15/10/2020

Venue: Virtually through Google Meet at 11 am

Relevance to PO's: To upgrade the knowledge of the faculty and students

Objectives

- To make them aware about the Intellectual Property Rights
- Motivate students for active participation in innovation activities
- To guide the students for IP management

Beneficiary: Students, Faculty, Institute

Program Organizing Committee: Institute Innovation Council, PJLCP.

Expected Outcomes:

The session helped students to developed critical and innovative thinking and helped to boost their confidence and also made them aware about the different aspects they can focus on and the area where they need to develop themselves for IPR.

Program Report

Name of the program conducted: Webinar entitled “Tips for Writing Scientific Paper”

Date: 06/10/2020

Venue and Mode of Program: Online through Google Meet at 12 noon.

Relevance to PO's: To enrich the students with the scientific knowledge and enhance their communication skills.

Objectives:

- 1) To make the students aware about the format of a research paper
- 2) To motivate and enhance the communication skills of the students in making effective communication to various journals having a high impact factor

Beneficiary: Students, Faculty, Institute

Program Organizing Committee: Guest Lecture Committee

Expected Outcomes:

Provide an opportunity to the students to interact with the renowned faculty from other college which can be beneficial and knowledge enriching for effective communication of their research projects.

Attachment needed:

Abstract of the Program

Tips for Writing Scientific Paper

Priyadarshini J.L. College of Pharmacy, Nagpur organized a webinar entitled "Tips for Writing Scientific Paper" on 06/10/2020 for UG final year, PG and research scholars of the College. The program was arranged online through **Google Meet** to enlighten the students regarding effective communication of their research work in scientific journals. **Dr Aman Uppanlawar**, Asso. Prof., SNJB,s SSDJ College of Pharmacy, Chandwad, Nashik District, Maharashtra, was the guest speaker on the occasion. The online program began by giving a warm welcome to the guest speaker by Dr. Mrs. S. S Bakhle, Associate Professor of PJLCP and the objectives of the guest lecture was briefed to the participants. Mrs. S. G Guranani, Asst. Prof., PJLCP then introduced the guest speaker and requested him to proceed with his session. Dr. Aman Uppanlawar explained in detail the format of research paper to be communicated for publication in scientific journals, searching of journals, selection of journals, placing the novelty of research work and guided on useful and effective tips in writing a research paper. He also enlightened the participants regarding various quality journals indexed in web of science, scopus and shared his research journey in communicating to high impact factor journals for publications. Participants shared their queries in the Google Meet chat box which were addressed by him at the end of the session. The feedback of the entire event was taken online through Google form which was shared in the chat box. Vote of thanks was proposed by Dr Mrs S.S Bakhle. The event was successfully conducted online under the guidance of Dr. D.R Chaple, Principal, PJLCP.

Abstract of the Program

Strategy for Analytical method Development

Priyadarshini J.L. College of Pharmacy, Nagpur under Industry Institute Interaction Cell organized a webinar entitled "Strategy for Analytical method Development" on 05/06/2021 for UG final year, PG and research scholars of the College. The program was arranged online through Google Meet to enlighten and guide the students for analytical method development strategies to be adopted during research. Dr. Dipak R. Dhote, Analytical Head, R&D, Blue Cross Lab. Ltd., Nashik, Maharashtra, was the guest speaker on the occasion. The online program began by giving a warm welcome to the guest speaker on the occasion. The online program began by giving a warm welcome to the guest speaker by Dr. Mrs. S. S Bakhle, Associate Professor of PJLCP and the objectives of the guest lecture was briefed to the participants. Mrs. S. G Gurunani, Asst. Prof., PJLCP then introduced the guest speaker and requested him to proceed with his session. Dr. Dipak Dhote explained in detail the procedure to be followed for development of analytical methods through UV, HPLC, LC-MS and HPTLC. He provided insights on analytical method validation by analyzing various parameters like precision, LOD, LOQ etc. Participants shared their queries in the Google Meet chat box which were addressed by him at the end of the session. The feedback of the entire event was taken online through Google form which was shared in the chat box. Vote of thanks was proposed by Dr Mrs S.S Bakhle. The event was successfully conducted online under the guidance of Dr. D.R Chaple, Principal, PJLCP.

Analytical Method Development

- Analytical Method development is the process of selecting an accurate assay procedure to determine the composition of a formulation.
- It provide high degree of assurance that the test method will meet to established requirements.

Finalize the Method

- The final step in method development process is to evaluate actual sample .
- Evaluate the samples at lower and upper level.
- Check Accuracy, Precision, Linearity of method.
- Conclusion: Every newly developed method should be validated for routine use.

Dr Dipak Dhotre Delivering the session
