Subject: Request for incorporation of selected points in the curriculum

Sir,

As per our policies, we have conducted a feedback survey on the current curriculum among the stakeholders (Students, Parents, Alumni, Teachers and Employer). After analysing the collected feedback, we observed some gaps in the syllabus. Based on the feedback reports, we would like to make some suggestions regarding the inclusion of some topics or subjects that will improve the employability skills of the students, as follows:

1. Industry-related courses to be introduced in the curriculum
2. Course related to the overall personality and interview skill development to be incorporated

Thanking you,

Yours faithfully
